When will I get my items?

Pickup availability and delivery estimates are shown next to each of your items above. If you don't see these estimates, make sure you've entered your ZIP code by clicking one of the links next to "Ship" or "Pick up." Learn more about [Shipping & Pickup](#).

When can I pick up my order?

We'll email you when your items can be picked up. In-stock items are typically ready within an hour. In some instances, you may be required to select a time window to pick up your order. This will ensure your order is ready shortly after you arrive. Simply check in with a specialist. If you're unable to come in during this time window, you can still pick up your order, but wait times may vary. Learn more about [Pickup](#).

Can I pick up my items at an Apple Store?

Yes. You can choose between delivery and pickup for each item above, with the ability to compare pickup availability and delivery estimates. Learn more about [Pickup](#).

How much will shipping cost?

Standard shipping is free on all Apple Online Store orders. Or you can upgrade your shipping method for an additional charge.

How do I track my shipment?

As each item ships from our warehouse, we'll send you a Shipment Notification email including the carrier name and tracking number. Click the link to view the status of your package on the carrier's website.

If you ordered multiple items, you may receive separate shipments with no additional shipping charges.

When will I receive text notifications?

In addition to email notifications, we will also send you text messages when your items have shipped or are ready for pickup in store. Texts are sent between 8 a.m. and 9 p.m. in your time zone.

To stop receiving text notifications, simply reply to the text message with: STOP
