Digital Ceramic Decal Paper

This is the first decal paper ever developed especially for Digital Ceramic Printers. This is the culmination of months of consultation, sample batches and testing with one of the World's most progressive paper makers. The perfect combination of Thickness, Release and Finish allows better printing and transferring with no paper jams

We offer the widest variety of covercoat and fluxes. Whether you prefer applying covercoat by screening, laminating or spraying with aerosol, we have you covered. All three methods have their advantages and disadvantages. We let you choose which you prefer

Memorial Blanks

DCT now offers Memorial Blanks imported directly from the manufacturer in Europe. We were tired of the poor quality of the memorial blanks from China so we went to one of the leading porcelain factories in Italy and purchased several pallets of blanks at great prices. Here are the sizes and prices that we have in stock.
