About Us

We are one of the trusted telecommunications partners for businesses that demand reliability above everything else. Our own fibre and fixed wireless network, combined with the NBN, is capable of delivering business-grade internet over more than a million square kilometres.

We understand you can't afford for your internet to be out of action or holding back your company's productivity through lack of speed, reliability or performance. Or worse still, waiting on a response from your telco provider whilst your business tries to limp on. That's why at ONQ we have redefined the way telco for business should be. World-class product quality and enterprise reliability delivered with priority support from our dedicated team of business experts.

Product Description

The 9-in Dual-Purpose In-Wall Enclosure is engineered to provide storage of structured wiring and AV components. The ENP0900NA is constructed of Wi-Fi transparent material to manage wireless components and AV devices at point-of-use locations, like directly behind a TV or other media centers. It can also be used for structured wiring purposes, as smaller-sized options in the existing line of On-Q enhanced structured wiring enclosures. The ENP0900NA is compatible with devices like Apple TV, Roku, Amazon Fire TV, small network switches and more. Includes cover, trim ring and drywall clips, allowing for both new construction and retrofit installations.

Decent Method of Hiding/Consolidating Equipment

+ Easy installation of box.

+ Trim plate makes installation look good.

- Installing an electrical outlet requires cutting/filing the provided knockout (which is too small). I used a utility knife to shave the long sides and a small round file to make room for

the electrical box mounting ears on the short sides.

Hide EVERYTHING. Samsung Frame TV must have!

Reviewed in the United States on April 9, 2022
Style: Enclosure with Trim and Cover Pattern Name: Box Size: 9 inch **Verified Purchase**

I installed my first box about 6 months ago and it was great. I ordered the box with the cord management part. Overpriced, but essential for my setup with all the gear I have.

Just ordered my 2nd box for a new Samsung Frame TV I'm installing in the bathroom. It's got a HUGE one box. Huge. Massive. This box fits the one box perfectly!

My only con is I wished they had two orientations. One with the electrical cutout on the

Está hecho de muy buena calidad por el precio.
Yo revisé mi pared y usé un detector de postes y aún así la profundidad de la pared no me permitió empotrar la caja, la usaré para otro proyecto después 🛠️⚠️📺
