Hi Michelle,

Greetings from MAC MLA! It's cold and rainy, but we're busy as can be, so Amen!

Thanks for your patience! Amanda will follow up with a prettier quote shortly, but I can share that we can offer the following:

Florida Atlantic University – Unlimited Organization-Wide Site license- Published Price Point \$25,000.00 USD per year.

Year 1 Discount – “Minus 50% off list Price or \$12,500.00 USD

Year 2 Discount – “Minus 25% off list Price or \$18,750.00 USD

Year 3 and Beyond – List Price Point of \$25,000.00 USD

I hope this helps! The first-year discount is an aggressive one, and I'm afraid that this is the only thing that is time-sensitive. Our pricing (and discounts) is set by our board and tend to be valid only until the end of our current fiscal cycle. (for transparency reasons) As such(to secure this first-year price point), we just need to “book” things internally on June 30 or before. We can date proposals for July 1, but we would need a commitment on or before June 30. (and we can use an email confirmation from you for internal purposes)

Many thanks and standing by should you have any questions.

Best,

Phil
