Maintenance Agreements - Maximize your investment

Maintenance Agreements are available on an annual basis. Customers covered by a TechSmith maintenance agreement are entitled to the following services:

- **Software Upgrades** - Receive free upgrades, including both major and minor releases. Without a maintenance agreement major release upgrades are 50% the cost of a new license.
- **Priority Technical Support** - TechSmith offers free tech support to all our customers, but you'll get bumped up to the front of the line. Get expert help when you need it. Just provide your agreement number when **submitting a case**.
- **Add Additional Licenses** - Build-up purchases toward volume discounts. Each new single-license purchase placed under the same maintenance agreement counts. (Want to consolidate previous purchases? **Contact sales**)
