Standard Equipment & Accessories

To insure against misunderstandings or delays, always include model number, name, and significant specifications of systems and accessories when ordering. Also specify any options desired. Warranty

WPI strives to maintain the highest quality standards in all products. We warranty these products against defects in workmanship or materials, and all WPI products retain a warranty that is stated in the product's manual. (Typically, one year for parts and labor except for consumable items such as electrodes, glass, etc., for which warranty varies from 30 days to six months.) However, WPI hereby specifies that no use or application of any product may be suitable or successful for a specific application and therefore waives all liability in that regard. Concealed loss or damage should be reported at once to the carrier and an inspection requested. All claims for shortage or damage must be made within ten (10) days after receipt of shipment. Claims for lost shipments must be made within thirty (30) days of receipt of invoice or other notification of shipment. Please save damaged or pilfered cartons until claim is settled. In some instances, photographic documentation may be required. Some items are time-sensitive; WPI assumes no extended warranty or any liability for use beyond the date specified on the container. Do not return any goods to us without obtaining prior approval and instructions from our Returns Department. Goods returned unauthorized or by collect freight may be refused. Goods accepted for restocking must be in new condition, returned within 30 days, and will be exchanged or credited to your WPI account and are subject to a restock fee of 25%. Cash refunds will not be awarded. Goods returned which were ordered by customers in error are subject to a 25% restock fee. Equipment which was built as a special order cannot be returned.

Repairs

Contact our Returns Department for assistance in the repair of apparatus. Do not return goods until instructions have been received. Returned items must be securely packed to prevent further damage in transit. The Customer is responsible for paying shipping expenses, including adequate insurance on all items returned for repairs. Identification of the item(s) by model number, name, serial number and proof of purchase (packing slip number or invoice number) as well as complete description of the difficulties experienced should be written on the RMA request form and a copy of the form must be included with the item.
