**Two Colors**

This cart comes in Black River or Warm Gray.

**Compact**

Because it is only 24"w x 19"d, this cart is easy to maneuver in tight spaces and securely store.

**Height-Adjustable**

The Laptop Fusion Cart is height-adjustable from 35" to 55".independently.

**Customizable**

Create the perfect moveable work center by adding additional platforms, keyboard trays, or clip board baskets.

**Fluid Mobility**

The rubber coated, locking casters and centered push handle make moving the cart easy, even when loaded with heavy equipment.

## Laptop Fusion Cart

Lightweight and compact, the Laptop Fusion Cart sports a sleek design perfect for medical centers, training facilities, offices, classrooms, and even more challenging environments like warehouses, factories, and garages. Height adjustable from 35" to 55" the Laptop Fusion Cart is only 24"w x 19"d, making it easy to maneuver in tight spaces as well as to lock up and securely store.

The unique steel H-frame base ensures that the Fusion Cart will roll smoothly on rubber-coated locking casters even around corners and can fit snugly next to exam tables or chairs. Available in Black River or Warm Gray, the Laptop Fusion Cart is also simple to assemble and easy to customize with additional platforms, keyboard trays, or clip board baskets.

### Ilsa C., Accounting

One of the things people worry about most when using a laptop, is security. And for good reason. They get stolen all the time. That's why we sell a security cable with our laptop fusion cart. It gives customers the convenience of using a laptop cart but the knowledge that their hardware and data is secure.

### Customize Your Cart

This cart is completely customizable. Add printer platforms, speaker platforms, clip board baskets or even a keyboard drawer to increase ergonomics.

### Innovative Laptop Security

The Laptop Fusion Cart offers two levels of security. First, its compact design allows the entire cart to be locked up when not in use. Second, the steel security cable keeps the laptop tethered to the cart to prevent theft.
